

1

### Prewriting

Explore topics & ideas, feelings, and thoughts.

2

### Drafting

Write a rough copy of what you want to say in response to your exploring.

3

### Revising

Read your writing to someone else to make sure your ideas are clear.

4

### Editing

Check for errors in writing conventions.

# The Writing Process

**Tip:** Not all writing needs to be shared with others.

5

### Presenting

Share your writing with others and reflect on your learning.
